**MISSION**

Before she “graduated” to heaven my mother greatly encouraged me in this ministry through her faithful

prayers and support. With limited resources she made a donation for the printing of the first 15,000 quality stickers at 10 cents each. To date, by God’s grace, and with many other faithful supporters, we have printed over 150,000 stickers.

Would you please join us in prayer for this ministry? Perhaps God would lead you to give a one-time gift, or to make a monthly commitment.

**VISION**

*“...When the enemy shall come in like a flood, the Spirit of the Lord shall lift up a standard against him.” Isa. 59:19*

**Dear Friend,**

A few thousand years ago, the Apostle Paul entered the city of Athens and had his **“heart stirred as he beheld their idols.”** Paul called them to repent and to believe in the dead, buried and resurrected Savior - Jesus Christ (Acts 17).

A few short years ago, a simple message entitled **“TechNoSin”** was given to a few young people in our church. A challenge was given to turn from the idols of our day — so embodied in the screened technology of our culture. The challenge was to **DEDICATE** each screen choice for the glory of God or to literally **DESTROY** any offending screen.

**“This message needs to be preached everywhere”** was the response ... and the mission began.

While carefulness on the Internet is a continual decision, **only the message of the Cross** speaks to the heart of the problem and the **only answer** that determines our eternal destiny ... A repentant and believing heart — trusting Jesus Christ as Savior from our sin — is the essential **“TechNoSin”** message. **The indwelling Holy Spirit of God gives both the desire and the ability to please God** — even with technology.

With a smile, I say, “the **BIG Goal** / Mission is to **‘G-Rate’ the Internet!**” with the idea that if no one ever visited a bad website, a multi-billion dollar industry would dry up. The **SMALL, more realistic goal** is to help **one person** make **one less bad choice** on the Internet by **unleashing the power of the Holy Scripture** in a potentially unholy place.

The TechNoSin concept points to a **heart dedication that is willing to destroy** the offending device if uncontrolled. This heart dedication represents the only “filter” that will work 100% of the time. **Join us in promoting a “God Rated” Internet!** Gary Becker, Pastor
